

# WATER CONSERVATION POLICY

## 1. PURPOSE

As **Hotel Anatolia**, our Water Efficiency and Conservation Policy outlines our commitment to responsible and sustainable water management practices. Our objective is to ensure that water resources are used efficiently, equitably, and in an environmentally responsible manner across all our operations and activities. This policy serves as a guide for all employees and stakeholders in support of our water management goals.

## 2. SCOPE

This policy applies to all **Hotel Anatolia** facilities, employees, and contractors, covering all water-related activities including but not limited to water supply, consumption, treatment, and discharge.

## 3. OBJECTIVES

As **Hotel Anatolia**, we are committed to the following water management objectives. By implementing this policy, we believe we can contribute to the responsible management of water resources, protect the environment, and ensure the availability of clean and safe water for present and future generations.

**3.1. Water Efficiency:** Strive to reduce water consumption and increase efficiency in all operations and activities.

**3.2. Environmental Responsibility:** Minimize adverse impacts on local ecosystems, water bodies, and aquatic life through responsible water use and discharge practices.

**3.3. Compliance:** Ensure adherence to all applicable local, national, and international regulations and standards related to water.

**3.4. Resource Conservation:** Promote the responsible management of water resources to preserve availability for future generations.

## 4. RESPONSIBILITIES

**4.1. Senior Management:** Set an example in responsible water management and provide the necessary resources for effective implementation of this policy.

**4.2. Employees:** Understand and apply this policy, report concerns related to water management, and actively participate in conservation efforts.

**4.3. Contractors and Suppliers:** All contractors and suppliers working with Hotel Anatolia are expected to comply with this policy and are encouraged to adopt similar practices.

## 5. WATER MANAGEMENT PRACTICES

### 5.1. Water Efficiency:

Implement water-saving technologies and practices in our operations. Regularly monitor and report water consumption, identifying areas for improvement. Promote water recycling and reuse wherever possible.

**5.2. Environmental Responsibility:**

Prevent pollution and ensure compliance with applicable regulations by monitoring and controlling water quality. Take measures to protect and restore local water ecosystems. Participate in community initiatives for water conservation and protection.

**5.3. Compliance:**

Stay informed about and comply with all laws, regulations, and permits related to water use. Regularly audit and review our water management practices to ensure compliance.

**5.4. Resource Conservation:**

Support water-saving efforts within our communities. Promote awareness and education on water sustainability among our employees and stakeholders.

**5.5. Review and Improvement:**

This Water Management Policy will be reviewed annually to ensure its effectiveness and relevance. **Hotel Anatolia** will implement necessary revisions and improvements to align with our goals and evolving best practices.
